- Seeks approval from the Supervisor for task not outlined in the job description.
- Requests a Work Order from the Maintenance Clerks prior to commencing any work or task.
- Completes Work Orders assigned and inputs tech notes upon completion.
- Perform this position in accordance with the scope of practice for the trade of plumber in the Building Opportunities in the Skilled Trades Act, 2021 (BOSTA).
- Read blueprints, drawings and specifications to determine layout of plumbing system, water supply network and waste and drainage systems.
- Install, repair and maintain domestic, commercial or industrial plumbing fixtures and systems.
- Locate and mark positions for pipe connections, passage holes and fixtures in walls and floors.
- Cut opening in walls and floors to accommodate pipe and pipe fittings.

- Measure, cut, bend and thread pipes using hand and power tools or machines.
- Join pipes using couplings, clamps, screws, bolts, cement or soldering, brazing and welding equipment.
- Test pipes for leaks using air and water pressure gauges.
- Troubleshoot Hydronics, HVAC (supplied by water), and remove and replace faulty components.
- General maintenance such as but not limited to drain cleaning, sump pump systems, grease interceptors, and equipment cleaning.
- Replace, repair, and upgrade components with efficiency, cost savings, and longevity in mind.
- Perform move-out plumbing work, renovations, and new construction.
- Clean-up worksite after work is performed.
- Maintains daily journal of work performed.
- Maintains inventory of supplies and submit orders to the office to replenish stock.
- Performs maintenance tasks in the event of emergencies as requested by the Supervisor.
- Performs other maintenance services related tasks such as and not limited to various inspections as required within housing operations.
- Reports safety hazards, incidents, and deficiencies to the Supervisor of Maintenance Services.
- Ensures equipment is in safe operating condition and stored safely and securely after each use.
- When assigned a vehicle, completes vehicle inspection reports on daily basis.
- When assigned a vehicle, reports any problems with the company vehicle(s) and transport for servicing.
- Keeps office, tools and supplies in a clean, organized, safe and secure manner.
- Trains, provides direction and supervise students or apprentices when assigned.
- **As a DNSSAB employee, the position is responsible for creating, maintaining and actively participating in a respectful workplace that is free of all forms of harassment, discrimination and violence.**
